

MARK IVB Forecaster (NT Client version 10.2A) Server Access Troubleshooting Flowchart

**Can you access any of
the following sites status page:**

**Alaska; Hickam; Kadena;
Andersen; Lajes**

NOTE - For preview ONLY:
I'd like to link the site names to
their server status pages - example is Hickam @
http://131.38.56.53:4002/status_request_form.html
